

Chapter 1

One day, I saw a new Nerf Gun I wanted, but I didn't have enough money to buy it, I looked at the forecast, it was 100 degrees outside, so I decided to start a lemonade stand! I called my friends, Omar, David, Adan, Tyler and Seth to see if they wanted to start the lemonade stand, we made a deal to buy them each a Nerf Gun of their choice, Omar said a Crossbow, David said an N-Strike elite, Adan asked for a Modulator and Cameron said a Zombie Strike but Seth said he wanted Legos. (Which made sense because he likes the Walking Dead Legos) I looked to see how much they would cost, \$235! We had to be a hit to sell that much, we started and made \$76.84! We were off to a great start, we named it that day, it was called "A Giant Leap For Summer Food" We started selling Burgers called Bat Burgers, my grandpa used to make my Burgers shaped like bats, I always loved watching Batman with him, I was so fixed on the moment that Adam slapped me to get going, we made it to day 3 and had \$234.99! We could lower the price to 1 cent, we made the money

and decided that we wouldn't get the Nerf Gun and opened an entire restaurant, we
just wanted to be a team.

Chapter 2

Preparation, my key to success, you couldn't be good at all if you didn't have any of
it, I always have a lot of it because I face great enemies, but not real enemies, my
FRENEMIES! I'm just playing Quidditch, we have team Mason (Melukis, Dan, Dylan,
Pranav, Mrs Kelly and David) versus team Dylan (Dylan.T, Devin, Aubrey, Ella,
Addison, Joseph and Emily) I was Seeker, Adan was Keeper, Dylan, David and Lukis
were Chasers and Mrs Kelly and Pranav were Beaters, on team Dylan, Dylan was
Seeker, Devin was Keeper, Aubrey, Ella and Addison were Chasers and Joseph and
Emily were Beaters, OK, We're off! The 3 Balls were Released, Joseph had seen the
Golden Snitch, that means he'll be telling his team to find it, if the Snitch was caught,
Dylan would win the game, little did he know, it took time to tell your team about the
Snitch, I could run in and grab the Snitch, it was by the other team's goal, Uh oh,
Emily had thrown a Bludger at me, good thing Mrs Kelly used a bat to whack it at

Dylan, that must've hurt, Dylan got hit and it bounced back to me, I dodged it just in time, but it came back, Dang! I got myself a Rogue Bludger, but Dylan T did too! Wait a minute, the score is 170 to 20, we were up! All we had to do was Dylan, David or Lukis to score and it would be fine for Dylan to catch the snitch! The Snitch was worth 150 points and the game would be over when that happens, I raced toward the Snitch or I could pretend I saw it and get Dylan on my tail and he could hole, and a huge hole indeed, I called them all over there and found some torches, when we went deeper into the cave, we saw something that would change our life forever

Chapter 3

That thing was a Sword, it was made out of pure silver, "I wanna touch it" said

Aubrey, under it was a message, the message said.

Dear Reader

This message is for Mason Simpson, there are 3 quests you must complete this list

will show them all

1. You must find the Silver Sword
2. You must find your heart's desire at the Silver Ball ("So Much Silver" said David)
3. Create a kind of ship.

"Sure, that sounds easy, A Ship" Said Adan, rolling his eyes. "Well Step One complete" We flipped the paper over, there was a map, It had a Sword, a ball and a Heart. "The Heart means friendship!" I said, "But the only problem is who to play ball with"

"A ball isn't baseball, it's where you dance!" Said Adan, "Oh, that kind" I said

Ahh, Friday, my favorite day of the week in London, and also next week the day the ball is, nobody knows about it yet, the front had a part that needed goggles to see when it was, the only problem was how to get there, good thing that next week we

are moving to Grand Blanc, Michigan. Team Dylan was already moving across the street. Tomorrow will be the start of a brand new life.

6 days later chapter 4

Well, already fitting in, the school I go to has my name! My best friend is Timothy Watson, he's really nice, but there's something weird about him, he knew about the Silver Sword! He told me his dad made it but never saw him since he did, I asked him if he knew about the Silver Ball and he said yes AND he'll be going tonight, it's from 8 to midnight, that's something! Sorry, whenever I write about myself I press all the letters on the keyboard, Sorry, back to the Silver Ball, there's going to be beverages of all types, even Real Deal! We found out where it was, they had reservations for certain people, I told him who we were, the weird thing was that everyone there was our age! They started calling us names like "The King" and Tim was called "The Duke". We had Reserved Seats near the stage but I was a Performer and so was Tim! A bunch of other performers were surprised too when we went to grab some

food and drinks, but we were performing in 20 minutes! Wow! That was just a dream,
I went to find the sword but I couldn't find it! Well that was quite a dream...

Morel: Don't believe in things that don't exist.

Chapter 5

Today was the big game, I was putting on my game clothes, my team, the Wildcats, would be playing the Lumberjacks in the championship, the Lumberjacks were a fierce team, but with my friends Devin and Dylan Tambs at Pitcher and Outfield I knew the odds of winning were 50-50, at practice the day before, every ball that hit my glove was caught, the glove was signed by Derek Jeter, New York Yankees shortstop and my uncle, I played shortstop too, Derek was there but I didn't know that, I sitting in the dugout when my aunt and Little League All-Star came in, "You got this buddy, your uncle and I will be waiting in the stands" she said, I nodded, "I just can't believe you're here, I thought you would still be in Chicago!" he said, just then the loudspeaker came on, "I am very pleased to welcome you all to the Little League Championship, we have the two best teams in the league, let's welcome the teams, in their first appearance here, please welcome the Wildcats, and with an undefeated

record the Lumberjacks, now the MVP's from both teams, whom don't know if they are, the candidates for the Wildcats are Devin Tambs, Dylan Tambs, and Mason Simpson, and for the Lumberjacks, Alex Hall, Jackson Harchek and Jack Brown "

(Everybody who was a candidates from both ran out, the two finalists would be awarded at the end of the game their trophies, they would have a vote during the game for the league MVP) "The voting has stopped, the Lumberjacks MVP is, Jack Brown! And for the Wildcats, We have a 3 way tie, so what will happen is voting will be available for ten more seconds, and if it happens again, the coach will pick, the players will be able to vote for the two others, so is open" Right then the Wi-Fi signal stopped, but everybody in my family was already on my Mom's hotspot, so they could vote for me, the loudspeaker came back on, "MASON SIMPSON, THE ONLY 5 VOTES WENT TO MASON SIMPSON!" The stadium filled with boos and yays, the next 8 innings were filled with excitement, the Wildcats were in the lead! But only by 3 runs, with the bases loaded, the Lumberjacks changed their batting order and replaced Ben Jackson with Jack Brown, the Wildcats had Devin and Dylan in right and left field, Devin would first pitch and then run for the outfield, I was in center field, I had never been there, but after coach saw me, woop, zoop, sloop, before you could say "Shortstop" coach put me in, Devin took the pitch, uh oh, it was sailing right for me, back, back, back, back, back, back, back, back, back, back, it sailed right toward the back, when it went over the fence, I jumped over and caught it, the loudspeaker said "MASON SIMPSON FLIPPED OVER THE FENCE AND CAUGHT THE BALL, WHAT AN AMAZING PLAY" He said, I looked in my glove, in it sat a white ball that said "Little League Official Ball" I knew that I had flipped over the fence but either way

that it was out, Derek ran out and hugged me, I was carried to the locker room by the team. There sat the MVP Trophy, I had forgot, the league MVP! I knew it was going to win it, I had practiced so hard for it and now it was mine.

Chapter 6

Me and my cousins were playing ball at Ryan Jackson's House, who was of my cousins. Ryan hit a fly ball to me and my other cousins, Izzy Campbell, Winnie Lucius and Carter Campbell, the younger ones were playing in a sandbox near Ryan's Mom's School, I jumped up and caught it, "And Ryan is out!" I said, "Just 10 minutes till the All Star game" Mom said. I had been invited to catch ball during the all star game with some friends. Ten minutes later, we packed the bags and headed for the airport. I had gotten to get on a private jet with the players from the Tigers, the nearest team. The game would be held at Yankee Stadium, the old Yankee Stadium. I met my friends, Devin and Dylan Tambs there. We zoomed straight to the Bronx, the hotel was nowhere to be found though, but we found out the hotel was in the stadium! I also got my own room! The food was delicious, I ordered a Big League Burger with fly ball fries, the place was cool, there was a place for adults and a place for kids, the place for kids was cool, you had to be 8 to sit at the bar, the oldest kids were 17, they had sports on the TVs, we sat near the TV with Yankees on, they had the old games on but in color! Babe Ruth played good in the game, he hit 71 home runs! We saw that the waiters were players! Alex Rodriguez was our waiter, we asked him if he had 50 home runs in his career, he said he was almost there. When our parents picked us up, we went up to the arcade, it was really cool. They had a Dunking Booth where you would pitch a baseball at a target and you would dunk your friend into a pit of gloves, I got Devin first try, the way up to the the hotel was a flight of stairs, when I got to my room I called my friend Gavin Snyder on the phone. We talked for about 30 minutes, I asked him what was going on in my hometown, he said

nothing huge happened but a plane crashed near Wayne Airport. The next day I jogged out to the field with Miguel Cabrera. I played baseball with the All Star teams, me and Devin played on the teams with players, I got to play for the National League team, I won the game 15-12! I grabbed my glove for the Home Run Derby, First up was Clayton Kershaw, he hit 8 home runs, 1 by 1 the batters came to plate, once the Derby was over, I went to the Dugout for the All Star Game, I wasn't playing in it of course, but my Uncle was batting 4th in the batting order, I was making calls and putting players in the game, in the bottom of the 8th, it looked like we needed a miracle to win, the coach from the other team was laughing at us, "We only have one choice to win this game, and that is this guy" said coach, my jaw dropped, he was pointing at me, he wanted me to bat in the All Star game, the other coach was choking from how much he was laughing, I remember what Babe said on TV once, "It's not the bat, it's the batter" the bat Coach handed me wasn't just a normal bat, it was Darlin', Babe's Darlin', I stepped up to plate swinging, 1 strike now 2, I saw what time the pitcher said it was, Booger Ball time, he blew his nose on the ball, when he pitched it, the ball hit the bat, going, going, going, not going? The ball hit the ground with a big *thunk*, the pitcher was about to grab the ball but the first baseman hit him, he threw the ball to second but overthrew it, I was already 100 yards away from home when the pitcher caught the ball, I had no escape, wait a minute, the hidden player trick, I stayed at third base, the catcher was Devin Tambs, he would have the ball until I got home, no, no, no, I should work with the catcher and lie by telling him I would give him the all star trophy, I called to the catcher, "Hey bud, I'll give you the big trophy if you let me go home" I said, "No, no, no, no, I want \$2000 instead" he yelled, Ha, the power of lies, I nodded. The Next Batter was Miguel Cabrera, he let the pitch go by and I stole, "AND HE STEALS HOME, WINNING THE NL THE TROPHY" said the loudspeaker, I was held by the team, my mom and dad jumped from the stands to hug me. I loved baseball, but not as much as my family

Finally day that I'm normal, I think tomorrow I'm just gonna play baseball at the park of the bank, also known as Comerica Park, My Dad owns it, he owns the Detroit Tigers Dang, it's Alex, he's the best hitter on our rival team, the Lumberjacks. Only one way to settle this argument, a game of baseball, we loaded up the cork bats, Seth and me was our best hitter then Tyler came and tried to hit a baseball and he swung he missed I said "How bout we try something easier like a cake". Then all of them went my fun mansion do we all played madden 16 Seth brought his xbox one from Seth's house I beat all of them every single time we played. Then we went to Walmart to buy a everybody soda, I got Sprite, Seth got Crush and Tyler got Coke Zero. we also got a paintball gun each, me and Seth were watching Harry Potter when we heard a knock on the door, "Who's that" I said, "The Pizza delivery guy" said Seth. We opened the door to see not a pizza delivery guy but the scariest guy on earth. It was Voldemort, "Do you boys know how to duel" he said, "Yes" we said, we bowed to each other and pulled out our wands, I did the stupefy spell on him, the only spell that could work otherwise was Avada Kedavra, the killing curse, I hadn't tried it ever but now was the time, "AVADA KEDAVRA!" I screamed, Voldemort bounced back to his house in Alabama. We saw the Pizza Delivery Guy was waiting near the front door, we grabbed the pizza, inside was a credit card, (and Pizza of course) we smiled and stayed up all night thinking about starting a nightclub for kids. The next day we hired 52 men to build the nightclub, we bought a DJ Stand for me, we went out to dinner at B-Dubs but Jacob wasn't at our table, he was hanging out with a girl, me and the guys were trying to find out why he was spending so much time with her, it was Lily from my School, she was nice and all but she wasn't into going out into public and wasn't Jacob's kind, we were famous at school the next day because of Voldemort, it wasn't actually him, it was Jacob dressed in his costume, Science was just as boring as usual, we were dividing fractions in math and looking at Jack the Ripper in History, since I was the only kid in the club who had a car, it was a Lamborghini, the only way to make girls look at us was to listen to Michael Jackson and Prince, I had both of my favorite songs by them so we cruised around the city a few times, Jacob (of course) was loading up his favorite kiss gun he's

loading on Lily, but we loaded up on him with our mountain dew guns splash he started licking his pants which tasted like pop.

Chapter 7

Headsets, Check, Guns, Check, Mics, Check, Cupcake, Check, Jacob not with Lily, Check, that is the checklist for our surprise attack on the Burger Geeks, why did they pick paintball gun fight? There were 50 other choices and they picked that, Well, we got everything that we'll need, Jacob was at our base looking through our GoPro cameras. All I think he's just there because Lily's there, he "had" to give her the password to our base. We were just about to leave for the Burger Geeks base when he Jacob came out with someone else, "Let me guess who that is" said Seth "Lily". Just then a Lambo pulled up, that was why they were all dressed up, they were going to our night club. "Hey, why don't we all get a girl" said Jason, one of the kids in the group, we all nodded, there was a love potion my friend gave me, I gave one to Lily, why not give them to a few people, My friend Haylee was the Crush expert, (Not like orange crush, the other kind) she even knew who everyone in the school had a crush on except herself, she told me it was Charlotte, I sat next to her and bought her a Coke in a can, she drank all of it, she asked me if I wanted to go to the park that night, I said ok, for once I thanked my mom for my 1970 potion book, I saw her at the park that night, she was sitting with some other girls from my school, they all walked up to the other guys, in 50 seconds she had already ordered a limo for us. When I wasn't around, I played my PS4 with the guys. Now it's 9:00 PM, Paintball Time. We grabbed our guns full of paint, our headsets were linked, Go-Pros in guns and helmets, I was at the base contacting the others because I hacked the Burger Geeks Gopros, I was the Tech Geek in the Group, Location Services were on the Burger Geeks Gopros so I had the Location of each of them, I also had an Indestructible robot to fill in for me, we attacked the Geeks at Burger King with the Guns and had a Sick Party at the nightclub, we invited everybody except the Burger Geeks. That was how our last day at school was.

Chapter 8

Today was going to be the first day I got to hang out with the guys AND have my first date with Charlotte, I read my 2016 Guide to first dates, The First tip was let the girl pick where. Already check, I think i'm good for today. I totally knew to what take for my car, the 2001 Lamborghini Diablo. I texted her saying tomorrow maybe but I just wanted to chill and watched all the Harry Potter Movies with the guys, since we were 18 finally, Jacob proposed to Lily at our NFL game, I was so disgusted but I'll start from the top, here is the Jacob Johnson's Greatest Kiss, Lily forgot her purse but when Jacob told her, it was the total opposite, she ran at him and jump up to him and kissed, we were all like "GAG". So now we lost one guy. Next thing, only Seth and Tyler were left to play NBA 2K16 with me, but the entire weekend was full of Flirting and Fighting and Falling in Love, we had to take hard algebra classes in the middle of Honeymoons. That would make me very annoyed, we had to let an annoying british guy out of our group because it was so hard to understand him. Charlotte had finally went out for dinner today, I proposed to her since Seth and Tyler were becoming total retro dudes, another way to say that was more of 2000 boys now. It had been 23

days since I died and a new me was born. I made a new group of heroes called the M.A.G.I.C Crew, The Slayer, Me, The Hacker, Tim, The Planer, Taylor, The Spy, Devin, The Ear, Joseph and The Defence, Alex. We built our base in my old furnace room that nobody even noticed was GIGANTIC, everybody had their own closet with all their gear in it, I equipped us all with headsets and jetpacks, the patrol truck had the Taylor Swift 1989 world tour painted on it, the GoPro's were hooked up to my TV where I could talk to them all, they also had a phone on the top left with my face and all the other guys guns. I had a plane ready with backup guys if some of mine were injured. They all came back safe though, the Burger Geeks were all dug down in a hole that was impossible to get out of. We went to Great Lakes Crossings which was where we were going to have our celebration for beating the Burger Geeks once and for all! First we went to Johnny Rocket for dinner, then we went to see the double showing of Teenage Mutant Ninja Turtles and TMNT Out of the Shadows. Then I got divorced with Charlotte and biddy bop, we started a band and got famous

Chapter 9

“Another perfect day” I said, I was on tour with my famous band, we were packing all our things to go to our second concert in the ‘Take A Nap” Tour. Next stop: Berlin, the comedy capital of the world. I thought we would start at a small club, but the rest of the band had another thought: The Berlin National Theater. If we started there we needed a big song, the first thought was Take a Nap, but I thought Butter Paralyzer X-ray machine Milkshake, we decided both songs would work, take a nap was a big hit and so was BPXRMM (Butter Paralyzer X-ray machine Milkshake). But we still needed a little more big cash, we called NBC to see if we could get a time slot, they said that a TV show had 2 episodes a night and that they could shorten it to 1 episode before our show,

we needed a name, we all said a word and in the order they said it in would be the show, we called it Funny Late Nights with the Star Destroyers, we did some funny things on Minecraft like shot an arrow in the air and it jumped us, after 9 nights, we had made \$9,000, \$1,000 a night! We started getting famous guest stars like John Legend and Paul McCartney, but who I was hoping to get was stampylonghead, he was a famous Minecraft player, the 21st episode was decided, he was coming on, we would do some quick builds and challenges, after that we were famous, the trip we took after the first season was to Universal Studios, I had always wanted to go to one place there, The Wizarding World of Harry Potter, I had read 4 of the books and watched 3 movies, so now I was going to the world, we took one turn going somewhere they wanted in the park, I picked Hogwarts, Duncan picked Hogsmeade and Chris picked Diagon Alley, we went to Hogwarts first, we also picked 1 place inside the castle, my favorite part was the Quidditch Pitch, We ate lunch at the Great Hall, We even slept in the Slytherin Common Room, the trip was very cool, we found out that our show had been going on since we left, we never filmed it though, we thought that the people who filmed it would know who framed us, but they said "They Did?" We pulled out some evidence, we looked through our list and shortened it down to 4 people, Jason Haschek, Ryan Carson, Andrew Silver or Mason Mamou, We looked at the man who was on TV, it was me, we had made a lot of money from the recording I had scheduled for next season!

Hi, it's me again. I am not a year older since I last was, I have a famous YouTube channel though. My friends are still with me, the Burger Geeks are still down in that hole that they dug. I have my own mansion (Yeah, I could afford it) that had 4 floors. I bought an Xbox One, a Wii U and a PS4, Oh yeah, and my dad's cool Roku 3 which we use to watch Hulu Plus. Our plane was more affordable now, so was our Patrol Truck. But the Last team left in the World was the last person you would expect, the Destruction Team, the old team that quit my team when they left, they had a whole entire army now, lucky me I had found a bunch of people to fight back against them, we loaded up our plane and found our big ship we left at the battle that they decided to leave. The plane held all our equipment and the ship held...well...us. I even got my contract signed with the Detroit Tigers. Anyway, everyone on Destruction Team was at the Hospital and none of us had a scab, they healed fast though and joined our side once again, my dog got lost but thanks to Findrover.com we found him. The guys who I replace the D.T stayed so now we have an entire army, the Tigers released me and now I played for the Sacramento Kings in the NBA (Read the next chapter)

Chapter 11

A new battle on NBA2K17 began, I got the 2017 edition early because I play in the NBA. I had to go to commercial shoots from Shampoo to Cars to Shoes. The Star Destroyers were the next saga on my team, Seth quit AGAIN and I know that he's gonna join again
